

The Baby Bear Project

The Baby Bear Project has been in operation since 2007. It has gradually evolved during that time but currently sends 150 packs of baby clothes every month to South Africa.

Each pack contains a Babygro, vest or body suit, knitted jumper, pair of mittens, pair of booties, hat, small bar of soap and towel; all wrapped up in a shawl.

The packs are distributed for us by the Robin Hood Foundation, which is a non-profit making organisation, working in very poor communities. They see where the need is greatest and they see the smiles and gratitude which our packs bring.

We are always looking out for more people to knit so that we can sustain this level of support for the young families who have nothing to call their own.

If you can help, please contact Ruth on 07958 404433.

Free knitting patterns available via email or directly from The Wesley Centre by contacting Karen on; administrator@cannockchasemethodists.org.uk

Thank you.
